

## *Dear Parents,*

We are excited you have a camper coming to Camp Christian Conference Center this summer. Thank you for sending them to “The Place To Be In The Heart of Georgia”. Just a few reminders: Please pack some closed toes shoes because we don’t want your camper’s feet to be hurt due to rocks, sticks and lots of dirt and sand; Female campers/counselors are asked to wear one piece swimsuits that are appropriate for a Christian Setting and not two piece suits. If your camper only has two piece suits, please pack t shirts to wear over the swim suits; Camper should leave cell phones and electronic devices at home so the focus is building community; Please make sure you camper has a ride to and from camp with an **adult** from your church or community of friends. Regional policy states that campers cannot drive themselves/others to camp or other regional youth events. Please note the time campers should arrive for their session at camp and the time they are to be picked up.

We hope you find the list below helpful as you prepare your camper to attend camp.

## *Packing List*
